

(A) Mississippi Commission on Environmental Quality Permit Regulations for the Construction and/or Operation of Air Emissions Equipment, Regulation APC-S092, effective on May 28, 1991.

(B) Letter of June 21, 1994, from the Mississippi Office of the Attorney General to the Environmental Protection Agency.

(ii) Additional material. None.

(25) Revisions to minor source operating permit rules submitted by the Mississippi Department of Environmental Quality on January 26, 1994.

(i) Incorporation by reference.

(A) Regulation APC-S-2, effective January 9, 1994.

(ii) Other material. None.

(26) The Mississippi Department of Environmental Quality has submitted revision to Regulation APC-S-5. The purpose of this regulation is to adopt by reference Federal regulations for the prevention of significant deterioration of air quality as required by 40 CFR 51.166 and 52.21.

(i) Incorporation by reference.

(A) Regulations of the prevention of significant deterioration of air quality—Regulation APC-S-5 effective January 9, 1994.

(ii) Additional information—None.

(27) Amendments to Regulation APC-S-1 “Air Emission Regulations for the Prevention, Abatement, and Control of Air Contaminants” to be consistent with federal regulations as specified in 40 CFR Part 257.

(i) Incorporation by reference. Regulation APC-S-1 “Air Emission Regulations for the Prevention, Abatement, and Control of Air Contaminants” effective January 9, 1994, except SECTION 8. PROVISIONS FOR HAZARDOUS AIR POLLUTANTS.

(ii) Additional material. None.

EDITORIAL NOTE: For FEDERAL REGISTER citations affecting § 52.1281, see the List of CFR Sections Affected, which appears in the Finding Aids section of the printed volume and at www.fdsys.gov.

§ 52.1284 Interstate pollutant transport provisions; What are the FIP requirements for decreases in emissions of nitrogen oxides?

(a) The owner and operator of each source and each unit located in the State of Mississippi and Indian country within the borders of the State and for which requirements are set forth under the TR NO_x Ozone Season Trading Program in subpart BBBBB of part 97 of this chapter must comply with such requirements. The obligation to comply with such requirements with regard to sources and units in the State will be eliminated by the promulgation of an approval by the Administrator of a revision to Mississippi’s State Implementation Plan (SIP) as correcting in part the SIP’s deficiency that is the basis for the TR Federal Implementation Plan under § 52.38(b), except to the extent the Administrator’s approval is partial or conditional. The obligation to comply with such requirements with regard to sources and units located in Indian country within the borders of the State will not be eliminated by the promulgation of an approval by the Administrator of a revision to Mississippi’s SIP.

(b) Notwithstanding the provisions of paragraph (a) of this section, if, at the time of the approval of Mississippi’s SIP revision described in paragraph (a) of this section, the Administrator has already started recording any allocations of TR NO_x Ozone Season allowances under subpart BBBBB of part 97 of this chapter to units in the State for a control period in any year, the provisions of subpart BBBBB of part 97 of this chapter authorizing the Administrator to complete the allocation and recordation of TR NO_x Ozone Season allowances to units in the State for each such control period shall continue to apply, unless provided otherwise by such approval of the State’s SIP revision.
